Europe on greens

3rd edition

5th and 6th May 2012

Grado Golf Club (Gorizia - Italy)

This is the third edition of **Europe on greens**, the European amateur golf tournament that wants to celebrate the Europe Day (9th May).

A sporting way to make integration among European people and Nations, and above all, through the only sport that still teaches elegance and fair play.

Appreciating so much this original idea, since the first edition (2010) the European Committee gives us its endorsement.

The concept of **Europe on greens** comes out of **ESTRO-communication oriented agency** based in Gorizia (Italy), aiming to let European golfers meet every May, in order to strengthen the awareness to be part of same Europe Family.

At the moment the EU members are 27, so **Europe on greens** golfers have to play on 27 holes in two days: 9 holes on Saturday and 18 holes on Sunday.

Special guest even this year Croatia, which in July 2013 will become official EU member.

The team which get the best gross score wins the **Europe on greens Trophy**.

It is a splendid antique cup made of glass and sheffield, that for one year stays at the Golf Club winner and the year after is again the most prestigious prize of the competition.

Besides, there are many many other prizes.

Europe on greens does not forget people who is less lucky.

Since this edition there is a Charity Draw on behalf of the International UNICEF **Girls' education programme**.

Have a good play!

Europe Day

Schuman Declaration of 9th May 1950

On the 9th of May 1950 Robert Schuman presented his proposal on the creation of an organized Europe, indispensable to the maintenance of peaceful relations.

This proposal, known as the “Schuman declaration”, is considered to be the beginning of the creation of what is now the European Union.

Some passages:...“world peace cannot be safeguarded without the making of creative efforts proportionate to the dangers which threaten it. The contribution which an organized and living Europe can bring to civilization is indispensable to the maintenance of peaceful relations... Europe will not be made all at once or according to a single plan. It will be built through concrete achievements which first create a de facto solidarity...”

The 9th of May has become a European symbol, which, along with the flag, the anthem, the motto and the single currency (the euro), identifies the political entity of the European Union.

Motto: “United in diversity”

The motto means that, via the EU, Europeans are united in working together for peace and prosperity, and that the many different cultures, traditions and languages in Europe are a positive asset for the continent.

Flag

The European flag is the symbol not only of the European Union but also of Europe’s unity and identity in a wider sense. The circle of gold stars represents solidarity and harmony between the peoples of Europe.

The number of stars has nothing to do with the number of Member States.

There are twelve stars because the number twelve is traditionally the symbol of perfection, completeness and unity.

The flag therefore remains unchanged regardless of EU enlargements.

Robert Schuman e Jean Monnet

Anthem

The anthem of the European Union is the melody from the Ninth Symphony composed in 1823 by Ludwig Van Beethoven. For the final movement of this symphony, Beethoven set to music the “Ode to Joy” written in 1785 by Friedrich von Schiller. This poem expresses Schiller’s idealistic vision of the human race becoming brothers, a vision Beethoven shared.

Currency

The euro is the legal tender for around 329 million people.

The symbol for the euro is €. The euro is used in 17 EU countries.

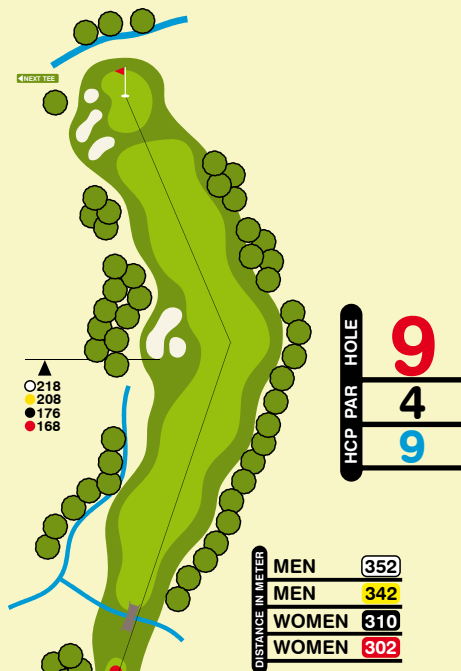

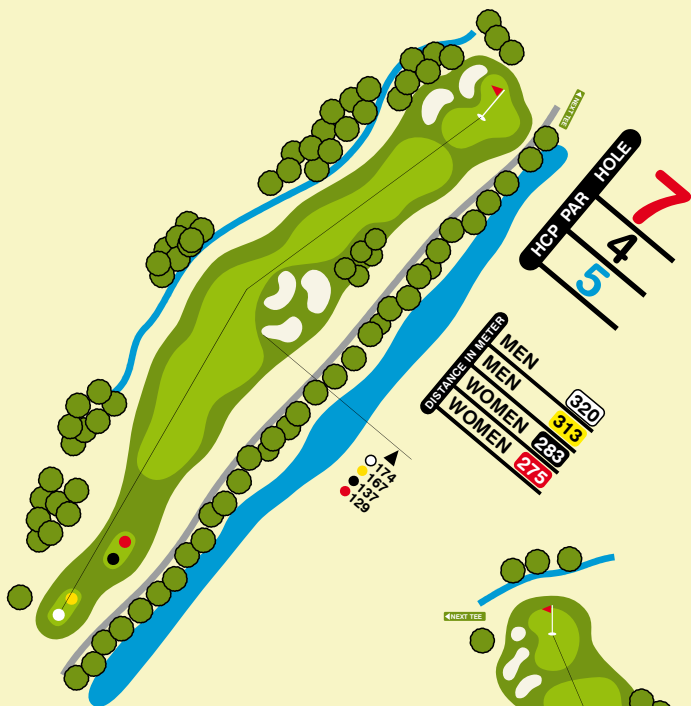

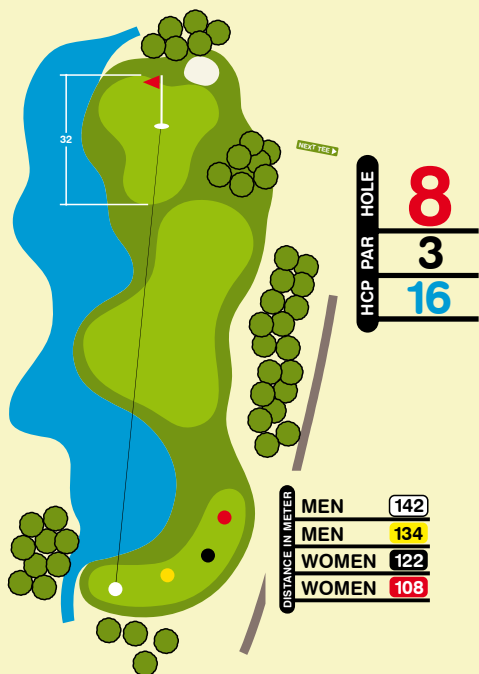

The euro notes are identical in all countries but each country issues its own coins with one common side and one side displaying a distinctive national emblem.

EU countries using the euro: Austria, Belgium, Cyprus, Estonia, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Malta, the Netherlands, Portugal, Slovakia, Slovenia and Spain.

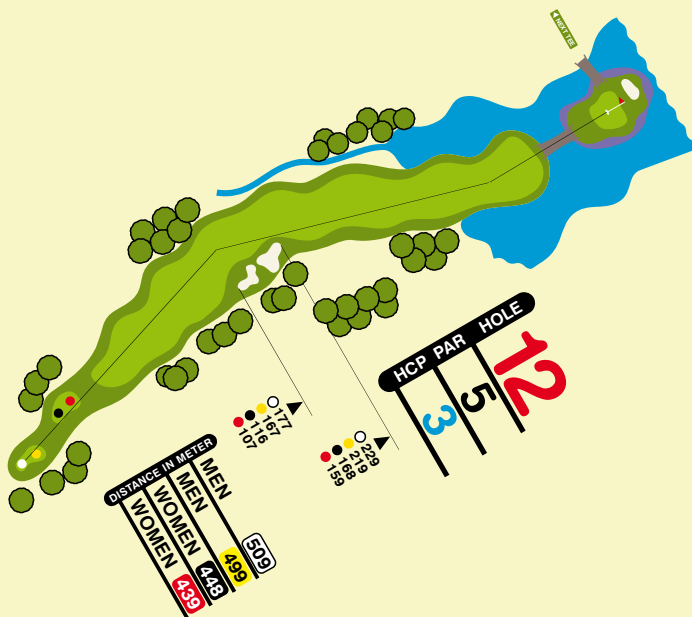

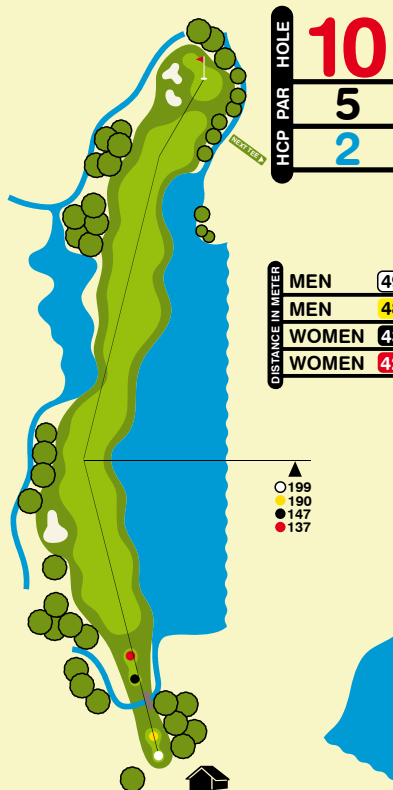

EU countries not yet using the euro: Bulgaria, the Czech Republic, Denmark, Hungary, Latvia, Lithuania, Poland, Romania, Sweden, United Kingdom.

Official languages

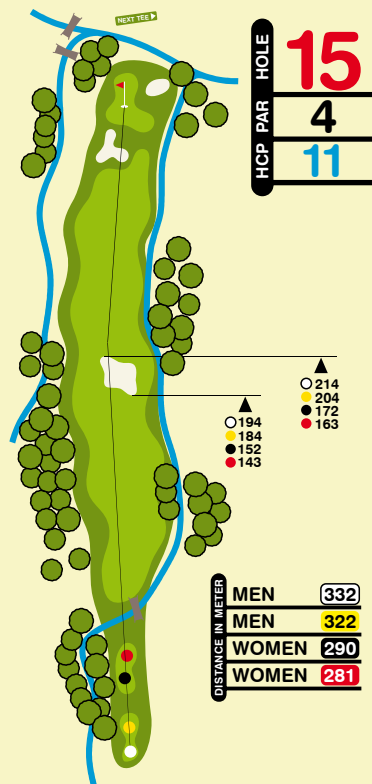

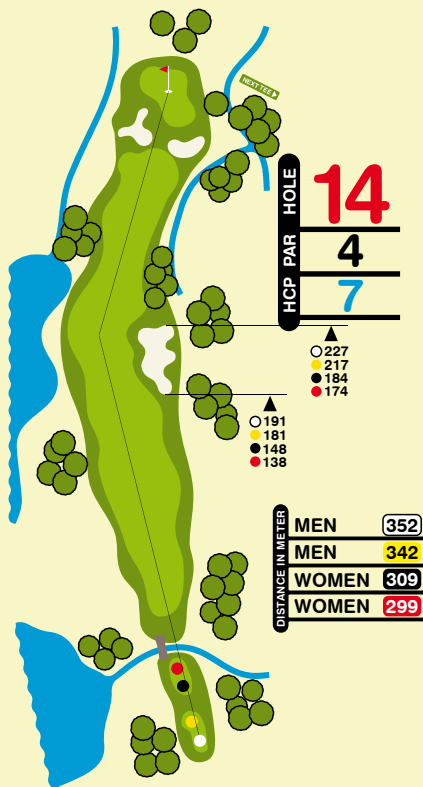

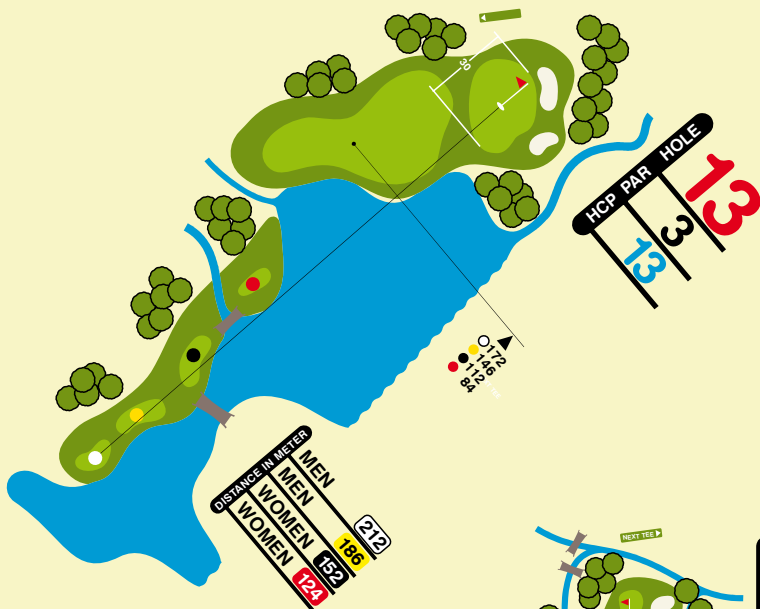

At the moment are 23 the official languages of the EU.
